

Ono

Good value wheeled walker with a unique cableless braking system

Ono is a good value wheeled walker with a safe and simple cableless braking system. Thanks to the modern strap brake, there are no cables that can bind, catch or tangle, or need adjustment and maintenance. This solution saves both maintenance costs and time.

The wheeled walker is easy to adjust for height, with fixed height adjustment positions. Ono also has a large range of accessories.

Ono with basket and tray as standard.

Ono folds up smoothly, by use of only one hand, for easy storage and transportation.

Description	Item no.
Ono with basket and tray	15040105-14
