

Wispa Sling range

◆ The range includes Universal, Full Support Universal Slings, Patient Specific Disposable Sling, Toileting/Access sling, Hammock and Amputee slings.

Slinci™ Patient Handling Sling

The new Slinci™ sling has been designed for ease of application. A low friction outer lining is ideal for applying the sling to users in moulded and special seats or any situation where space is limited.

- ◆ Good support for head, legs, shoulders and back
- ◆ Aperture for access
- ◆ 5 standard size options plus 2 to special order
- ◆ Graduated loops on shoulder straps to adjust users position to suit individual requirements
- ◆ Separate leg straps allow easy application to a seated client
- ◆ Maximum load 200kg (Extra large size 272kg)
